MEET YOUR VENDOR

it's me, haley!

02

fantasy books, mountain views, my fam and zach bryan music make me feel at peace

03

when I'm not full glam, expect me fresh faced with an oversized tee or cozied up in @aerie

04

I was an art kid and turned my love for creativity into a business where I now get to "paint" faces + style hair

05

i've turned into an avid baker lately and my prized possession is my sourdough starter named "sour sally"

06

my first tattoo was a butterfly and now I have nine

07

i went to cosmetology school right out of high school and got licensed during covid 2020

08

my favorite way to end the day is with a good movie and some ice cream to calm my sweets craving

haha

09

when i'm not glamming/styling brides, you'll find me hiking, fishing, traveling, or getting creative with random crafts

10

traveling is one of my greatest passions and i'm so blessed to incorporate it into this beautiful career of mine

BOOKING PROCESS

01

estimate budget

dependent upon the wedding location, flights + accommodations may vary. do you have it in budget to cover PBH's travel expenses or a portion of travel along with services?

02

send over inspo

how do you vision your makeup/hair on your wedding day? is your hair up/down, is your makeup soft/full coverage- having inspo is a great way to express your vision

03

lets get on a call

connecting through a facetime or call is a great way to get all the details out there and discuss timelines, inspo, wedding day location + ask any questions

04

view the proposal

a proposal will be sent over once we decide we're a good fit! this will include the current travel expenses shown- once signed, pbh will confirm with bride about the final accomadations rate and adjust proposal if needed

05

count down begins

you're officially pbh bride-you have one less thing to book, and one step closer to the big day! pbh will stay in touch throughout the months + will be there to answer any questions that come up

06

the experience

it's finally wedding day and the pbh experience is coming to life! sit back, enjoy the views, + get ready to feel like a bride and get that bridal glow

TIMELINE DETAILS

wedding/elopement days are not one size fits all. the makeup + hair timeline will be dependent on how far your getting ready location is from the site, inspiration look, ceremony time, and when your photographer needs you ready by

- 01** **how many people will be getting serviced**
pbh can service bride and 4 bridesmaids getting both hair + makeup dependent upon when everyone needs to be ready by. if extra services, pbh can add a second artist to assist with the day
- 02** **when will you need to be ready by**
services for both hair and makeup require a total of 1.5 hrs to complete for bride and 1 hr for bridal party. separate services for only hair/only makeup require a timeslot of 30 minutes to complete
- 03** **wedding day timeline**
pbh will send over a timeline a few months out of wedding date, once you and your photographer have discussed when you need to be ready by. this will determine when pbh needs to arrive to set up + complete services
